

Lincoln Music Google Classroom Information:

Greetings all!

Below are the codes for each Google Classroom that has been set up for our students here at Lincoln. If you have not already joined the class, please do so as soon as you are able!

My plan is to post at the beginning of each week. Each post will have directions for two "classes" worth of activities and assignments that can be completed at whatever pace you desire over the week. I will also post two Flipgrid's per week just to stay connected to the students in a more "face-to-face" fashion.

I'm looking forward to continuing music in this new on-line world!

I'll see you online!

Shane Rocke
