## Notification of Vision/Hearing Screening

Children do not really know how they are supposed to see or hear. Therefore, they may not complain about poor vision or hearing. Each year your school provides screening to ensure children are seeing and hearing optimally for their growth and learning. This is done in accordance to the IL Rules and Regulations of the Child Vision and Hearing Test Act. *In the event you are unable to participate in this free service provided, it will be your responsibility to ensure your child does not have vision and/or hearing deficits.*

**The initial screening date for 2025/2026 school year will be: September 29<sup>th</sup>, 2025**

**with rescreen being completed by Morton School District nurse.**

*Students who are new to the district, attend any special education classes, or are referred by a teacher will be screened. Those who have failed previous hearing screens and referred for follow-up will receive yearly hearing monitoring until screen is passed. Mandated grades to be screened are as follows:*

### Hearing Screens:

Kindergarten  
1<sup>st</sup> Grade  
2<sup>nd</sup> Grade  
3<sup>rd</sup> Grade

### Vision Screens:

Kindergarteners without record of eye exam  
2<sup>nd</sup> Grade

"Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is *not* required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months." (Section 27-8.1 of the School Code)<sup>[1]</sup><sub>SEP</sub>

Lori Leskovisek and Deanna Frye, administrators of School Sight & Sound, Inc. along with their staff, are certified by the Illinois Department of Public Health (IDPH) as vision and hearing screening technicians. They are, for this purpose, considered "school officials" as they conduct a program that has "legitimate educational interest". Under the State codes 99.31 and 99.7, as *school officials*, they are authorized to share screening results with the school office since these results have *legitimate educational interest*.

This service has proven to be very valuable in discovering those children who may be struggling academically due to vision and hearing needs. Although this service is meant to benefit your child, it is your right to refuse it for religious purposes. According to the Child Vision and Hearing Test Act, a written statement of objection must be submitted by any parent/guardian who chooses to not have their child tested. (410 ILCS 205/6)

Sincerely,

Wendy Vastine  
Lincoln School Principal
